अनीता करवल, भा.प्र.से सचिव

Anita Karwal, IAS Secretary

रकूल शिक्षा और साक्षरता विभाग शिक्षा मंत्रालय भारत सरकार Department of School Education & Literacy Ministry of Education Government of India

This is the 21st Century and in this era, we cannot expect our children to continue looking at career options that existed during the times when their parents were growing up, that is in the 20th Century. And that is exactly the reason why Mohit has come out with this brilliant compilation- Parent's Handbook of Careers after School, a must read for all parents of 11th and 12th graders.

This is a collection of a huge number of career options available to students in higher education, but it focuses on providing information to parents, especially those parents who are concerned about providing the right career options to their children and help them make the right decisions in accordance with their aptitude. Parents as well as students will find a vast amount of information, presented in an easy to browse and read format in this book. You will find careers that you had never imagined existed; and also careers that are a perfect fit for your child's abilities. Knowing Mohit and his penchant for perfection, I trust the information to be accurate and would like to compliment him and his team, for bringing this out at the right time. This is the time when the implementation of various provisions of the National Education Policy, 2020 have already been initiated and we can soon expect to see path-breaking changes in the National Curriculum Framework in the coming months.

In current times, while there is no dearth of information available online, it takes a lot of patience to sort through all the available data and verify the authenticity of what one reads. Mohit and his team have given a one-stop solution to the parents of students who are about to embark on their higher education. I highly recommend this handbook to parents and students who want to look beyond the traditional career choices that are typically made, and explore the wide range of options offered by the Indian education system. A word of unsolicited advice to the parents – keep an open mind while helping your child choose her future. While helping her make her choices, do remember that no career is big or small. It all depends on what she makes of it at the end of the day.

I take this opportunity to wish Mohit all the best for all his future endeavours and thank him on behalf of all of you for making lives so much easier at the crucial cusp between school and higher education. Keep up the great work Mohit!

Terms of Use:

1.Utmost care has been taken to ensure the proper checking of the information and compilation. In case of any discrepancy, please write to us at info@mohitmangal.com or WhatsApp us on the link given below.

2. For the latest updates, we strongly urge you to check and rely on the actual website of the College / Univ. or the test conducting body given in the Book.

3. On account of limited space, the list of colleges provided for certain courses are limited and not exhaustive. Few lists are ranked and other lists are in alphabetical order of the states.

4. The Ranking of colleges given in the book are based on the 20 Years of experience in the education sector of the Authors. The ranking given is the true understanding and view point of the authors and may differ with others.

5. The Compiled Content including degree nomenclatures, entrance exams details, website addresses etc. in the book has been gathered from various authentic sources like Ministry of Education (MoE), Higher Education Commission of India (HECI), University Grants Commission (UGC), All India Council for Technical Education (AICTE) and National Council for Teacher Education (NCTE), Individual College / University or Institution websites, etc. This data is being used for educational and information giving purpose. The author acknowledges all sources whether mentioned or otherwise.

Introduction

This book has been prepared in accordance with "The Gazette of India, July 5, 2014". This Gazette released by "University Grants Commission" under the head of "Specification of Degrees" says that in exercise of the powers conferred by UGC Act 1956 and in suppression of all earlier Gazette Notifications pertaining to specification of Degrees, the University Grants Commission (UGC) with the approval of the Central Government hereby specifies the nomenclature of the degree for the purpose of the said Section.

 $Further to this, we have taken in consideration various other gazette amendments including the one of 21^{\rm st} July 2015 and of 31^{\rm st} May 2016 further up to 30^{\rm th} June 2023 for the current compilation.$

Although UGC has broadly classified these Specifications in 15 categories for Bachelor Degrees after 12th, but for the ease of the readers, I have skipped few and further sub categorized few classifications and made a total of 22 Category Verticals.

A few Degree Nomenclatures given in this Booklet have been changed or restructured by UGC. But due to popularity of the older nomenclature, I have still incorporated them in the compilation. For e.g.: A popular degree course BJMC (Bachelor of Journalism and Mass Communication) or BMC (Bachelor of Mass Communication) has been restructured by UGC as BA (Journalism & Mass Communication). Still some universities use the name BJMC or BMC.

Therefore the USP of this book is that any college/institute is offering a Degree Nomenclature which shows no presence in this book is either non-exitent or marketed in a different way to attract students.

Happy Reading and Forwarding!

Streams Available after 10th

There are 4 Primary Streams available after 10th in the Indian Education System, namely

- 1. Science-A Group (with primary subjects as Physics, Chemistry and Maths)
- 2. Science-B Group (with primary subjects as Physics, Chemistry and Biology)
- 3. Commerce Group (with primary subjects as Accounts, Statistics, Economics and Business Studies)
- 4. Arts/Humanities Group (with primary subjects as History, Geography, Political Science, Sociology and Psychology)

There are few Schools who also offer an AB Group (with primary subjects as Physics, Chemistry, Mathematics and Biology. In this either Maths or Biology is termed as an additional subject)

The student has to choose one of the above mentioned groups of subjects in grade 11 and 12 primarily if the candidate wishes to pursue higher education in India.

Different Boards available in India

There are five main education boards available in India. Students may choose a board that suits them best. The choice shall be made on the basis of difficulty level associated with the boards and aptitude of the student. The five available education boards are:

- IB (International Baccalaureate)
- Cambridge IGCSE (International General Certificate of Secondary Education)
- ISC (Indian School Certificate)
- CBSE (Central Board of Secondary Education)
- State Boards

IB is the most practical oriented board and thus is considered to be the toughest board among all. It focuses on the concept of 'What to learn' and 'how to learn'. This board gives one a good amount of Elective subject choices and in turn gives flexibility of what a child wishes to learn. Much emphasis is laid on 'application of knowledge' and 'practical aspects' of learning. In this Board, there is no concept of stream selection after 10th like Science, Commerce or Humanities/Arts. The candidate has to pick up subjects of his/her choice and then the choice available for graduation depends upon the eligibility of various graduate courses available.

IB Board is followed by **CIE or IGCSE** (regulated by Cambridge Assessment International Education, while International General Certificate of Secondary Education deals with Std. 10, AS and A Levels deal with std. 11 and 12 respectively) in its practical approach of pedagogy. This board also gives good number of Elective subject choices offering something for all learners of different abilities, interests and backgrounds. It focuses on developing vital educational knowledge, understanding and skills. Again, it is considered to be tougher than other national boards, because of advanced level of learning and the teaching methodology. In this Board also, there is no concept of stream selection after 10th like Science, Commerce or Humanities/Arts. The candidate has to pick up subjects of his/her choice and then the choice available for graduation depends upon the eligibility of various graduate courses available.

ISC board comes next in the difficulty level. This board also follows quite a bit of practical learning approach though reference books and the pedagogy is less rote oriented. In this board, the first level of selection of stream takes place after grade 8, i.e. Science or Commerce or Humanities. If you have taken Science, you can shift to any other stream after 10th but vice versa is not allowed by most of the schools. Second level of stream selection takes place after 10th. The options available are Science-A Group, Science-B Group, Commerce or Humanities/Arts. The candidate has to pick up Compulsory subjects of commerce stream and can choose 1 or 2 electives as per the offer of various schools.

Next in the difficulty scale is the **CBSE** board. I think most of us are aware of this board. This board is a good mix of practical and rote oriented Pedagogy. It functions under the Union Government of India. Difficulty level associated with this board is moderate.

Last comes **State Board**. Each State in India has its own education board. It functions under the respective State Government of each state. Language of instruction (medium) in case of schools affiliated to such boards may be regional language or English. This board in most cases is found to be rote oriented. There is lack of creativity and flexibility allowed in the method of pedagogy. Also the children studying through vernacular medium in state boards primarily look for studying at the state level itself.

Our Counseling Packages

Get your Personal (One-on-One) (OAPI) **Orientation, Aptitude, Personality, Interest Psychometric Assessment and know the Right Career Choices available for you!**

The right Career is not a "one size fits all" deal. A lot depends on your natural Orientation, the Aptitude that you have for specific skills, the type of Personality that you have and the Interests that you display for various activities. Carefully analysing all these aspects and aligning them with other important factors such as the socio-economic background and family considerations is important for reaching the right decision.

Package for Children studying in class 8 to 12 Students studying in class 8 to 12 Ideal for: Objective: Subject selection in 9th for ICSC / IGCSE / IB students 1. Subject selection in 11th for ICSC / IGCSE / IB / CBSE / State Board / Open Board students 2. Or Identifying the next course of action for graduation after class 12th for ICSC / IGCSE / IB / CBSE / State Board / Open Board students. 3. Process: This is a two-step Process Step-1 Case History Capturing of the Candidate along with Parent Feedback. Step-2 Assessment of Case History and Psychometric responses followed by Counseling. Time The entire process shall take approximately 2 hours. Mode: Both Offline and Online Counseling available Note: For best results, both otherwise at least one parent and Guardian should be present along with the child. We strongly believe that each child is unique and therefore the entire process of counseling is done in 'one on one' discussion format. No Multiple Choice Question (MCQ) test is administered. What you get:

Plan of action for next 1-2 years.

Choosing the right Subject Combination in 9th / 11th or field of graduation after class 12th

Guidance on any competitive exam preparation (if required).

Guidance on extracurricular activities to be added in the current schedule.

List of top colleges in the country along with ranking (if required).

Package for Candidates pursuing Higher Studies or Working

Ideal for: Candidates pursuing Graduation / Post Graduation or Working Professionals

Objective: 1

- Assessment of subject selection in Graduation / Post Graduation.
- 2 Job area for working professionals.
- 3. Identifying the next course of action.

Process Followed: This is a three step Process.

- Step-1 Case History Capturing of the Candidate along with Parent/Guardian Feedback.
- Step-2 Writing answers to Psychometric Questionnaire specially prepared based on Step-1.
- Step-3 Assessment of Case History and Psychometric responses followed by Counseling.

Time: The entire process shall take approximately 3 hours.

- Mode: Both Offline and Online Counseling available
- Note:
- For best results, at least one of the parent / guardian / friend should accompany the candidate throughout the process.

We strongly believe that each candidate is unique and therefore the entire process of counseling is done in 'one on one' discussion format. No Multiple Choice Question (MCQ) test is administered.

What you get:

- Creating plan of action for next 1-2 years.
- Choosing the right field of further studies or job after graduation or post-graduation.
- Guidance on any competitive exams to be prepared for.
- Guidance on extra courses or certifications to be added in the current schedule along with Graduation / Post graduation / Job.

FAQs about Career Counseling

Q.	What is Career Counseling?
Α.	Career Counseling is a process in which an expert helps you with your career exploration, career change, personal career development and other career related issues. This is a process in which the counselor gives advice on "career" with counseling techniques that simplifies complex decisions and difficult situations for the candidate. The expert helps you know yourself better using a set of questions - verbal or written. Based on the response, the expert guides you in getting answers to questions which cannot be answered by self.
Q.	What is iQue BrainMapping?
Α.	Brain Mapping is "in person Interaction" process with the Counselor, in which the Aptitude of the candidate is assessed, looking at the comfort and natural bent towards different subjects which one is exposed to in the previous years of his/her academic or non academic areas. Following this, in the same "in person interaction", Interest of the candidate is assessed by gauging their top of the mind recall and leisure time spent or desired. Lastly, the counselor talks to the parent or anyone closely related to the candidate to understand the influence of their surroundings along with family/Peer Group/Social Impact. At the end, a detailed analysis of Orientation, Aptitude, Interest and Personality (OAIP) of the candidate is shared and discussed to create further career plan and line of action.
Q.	Why is iQue BrainMapping the MOST Effective tool for Career Counseling?
Α.	The Brain Mapping method of Career Counseling is MOST effective tool due to three reasons:
	 Since the process is personal interaction based, each response of the candidate can be assessed carefully and which response has to be discounted or enhanced, can be taken in consideration by the counselor, which is impossible in any other form of assessment. An open option of deep probing is available, if in any response the counselor feels some disconnect. This is impossible in any other form of assessment in the first round. Only in the second round it can be done, that too if and only if the counselor is able to figure out the discrepancy, which is extremely difficult. Counselor can remove any ambiguity in the response, if found, at any point of time during the interaction.
	This is impossible in any other form of assessment in the First round. Only in the second round it can be eliminated provided, the counsellor is able to figure out the discrepancy which is extremely difficult.
Q.	What is Multiple Choice Aptitude Test and why its results are not effective?
Α.	 A test containing Psychometric questions of multiple choice type, ranging between 100 to 600 in number, to be completed in a given time frame is Multiple Choice Psychometric Test. This test is administered to the candidate and then the report based on the child's response in form of A/B/C/D options is generated. This tool used for the purpose of career counseling has many drawbacks. 1) These Multiple Choice Tests were built to cater to masses because individual counseling and probing takes a lot of time and the scalability is restricted, whereas we believe Career Counseling is a very Individualistic Process and cannot be done in masses. 2) Most of these tests are developed in western countries and are not sufficiently tested and balanced as per Indian needs. 3) The process of execution of these tests has a lacuna where most of the candidates either do not understand many questions or after answering a few questions loose interest in the assessment and just start marking the choices at random. This drastically affects the reliability of the report generated based on responses given and thus renders the process inefficient for Career Counseling. 4) Also through these written MCQ tests, there is no way for the counselor to find out any discrepancy in the result for deep probing and thus any random marking cannot be judged or identified.
Q.	What is DMIT (Dermatoglyphics Multiple Intelligence Test)? Why is it ineffective?
Α.	DMIT, also known as "Dermatoglyphics Multiple Intelligence Test" is JUST an empirical study which is associated with biometrics and brain lobes. This study claims to help in understanding a unique inborn potential and personality. This study was conducted by Howard Gardner and he proposed this model in his book in 1983 "Frames of Mind: The Theory of Multiple Intelligences". This was a research thesis project which showed some correlation between finger prints and Multiple Intelligences. It was picked up by some Marketers who published and marketed it well in third world countries like India, Sri Lanka, Pakistan, Bhutan, Bangladesh, Honk Kong etc. There is NO research or clinical evidence to prove the authenticity of the same. It is like shooting without a target which one will hit every time.

Computer Applications and Sciences

DEGREE NOMENCLATURE	DURATION	ELIGIBILITY
BCA (Bachelor of Computer Applications)	3 Year	10+2 any stream/with Maths
B.Com (CS) (B.Com. with Specialization in Computer Science)	3 Year	10+2 any stream/with Maths
B.Sc. (CS) (B.Sc. with Specialization in Computer Science)	3 /4Year	10+2 any stream/with Maths
B.Sc. (IT) (B.Sc. with Specialization in Information Technology)	3/4 Year	10+2 any stream/with Maths
BBA-IT (BBA with Specialization in Information Technology)	3 Year	10+2 any stream/with Maths
BCA+MCA (Integrated Bachelor & Masters of Computer Applications)	5 Year	10+2 any stream/with Maths
B.Sc. + M.Sc. (IT) (Integrated Bachelor & Masters of Science in	5 Year	10+2 any stream/with Maths
Information Technology)		

* ELIGIBILITY NOTE: For Computer application related bachelor degrees, many colleges accept students from any stream of 11th/12th. There are few colleges who need 11th/12th with English as a Compulsory Subject. There are other few colleges which require 11th/12th with Maths/Statistics/Computer Studies/Business Mathematics as a Compulsory subject. There are still few colleges who need 11th/12th either with PCM or with PCB for getting in BCA/B.Sc. (CS/IT).

PROFESSIONS related to Computer Applications and Sciences

Al Architect, Android Developer, Application Designer, Big Data Engineer, Bioinformatics and Programmer Analyst, Blockchain Developer, Cloud Security Specialist, Cloud Support Engineer, Cloud System Administrator, Computer Systems Analyst, Cryptologist, Cyber Security Analyst, Data Analyst, Data Scientist, Database Administrator, Database Developer, Ethical Hacker, Embedded Systems Developer, Information Security Analyst, IoS Developer, IoT Architect, IoT Developer, Mobile App Developer, Multimedia / Web Programmer, Network Architect, Network Engineer, Network Security Engineer, Operating System Programmer, Penetration Tester, Programmer / Coder, Quality Analyst, Robot Coordinator, Robotic Design Specialist, Security Architect, Security Expert, Senior Cloud Architect, Senior Technical Consultant, Software Application Architect, Software Developer, System Designer, Systems Engineer, Technical Support Engineer, Web Application Developer, Web Designer, Web Developers, Animator, AR and VR Artist, Audio and Video Technologist, Game Designer, Game Environment Designer, Game FX Engineer, Graphic Designer, User Interface Designer, VFX Designer, Visual Communication Designer, Wearable Technology Design, Blockchain Business Analyst, Blockchain Consultant, Field Service Engineer, Forensic Expert, Intelligence Analyst, SEO Analyst, Software Consultant, Software Publisher, System Analyst, Technical Writer, etc.

Vocational Studies

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
B.Voc.(Bachelor of Vocation)	3 Year	10+2 any stream
B.A. (Voc. Studies) (Bachelor of Arts in Vocational Studies)	3 Year	10+2 any stream
B. Com. (Bachelor of Commerce - Vocational)	3 Year	10+2 any stream

Vocational Courses are skill-based courses which are available in the form of a Diploma (through ITIs or other vocational training institutions) or a B.Voc. Degree offered by colleges / universities. The vocational education with a component of long duration 'on the job' training has a high potential for jobs. Many industries partner in the vocational training of young people by giving them opportunities as apprentices, trainees or as students under the National Employability Enhancement Mission (NEEM) Scheme.

Syllabus Entrance Exams What to Study?

Biology

The Syllabus for various entrance exams is specified on the official websites of the conducting agency. While some exams like the NEET and JEE, have a clear definition of subjects and content, many General Aptitude Entrance Exams give a broad definition of the subjects and content. Provided here, is a general syllabus for various entrance exams based on the syllabus for the most common exams of that area.

Syllabus for Medical Entrance Exams

Based on prescribed syllabus for NEET - UG Diversity in living world, Structural organisation in animals and plants, Cell structure and function, Plant physiology, Human physiology, Reproduction, Genetics and evolution, Biology and human welfare, Biotechnology and its applications, Ecology and environment

	environment
Physics	Physics and measurement, Kinematics, Laws of motion, Work, Energy and power, Rotational motion, Gravitation, Properties of solids and liquids, Thermodynamics, Kinetic theory of gases, Oscillations and waves, Electrostatics, Current electricity, Magnetic effects of current and magnetism, Electromagnetic induction and alternating current, Electromagnetic waves, Optics, Dual nature of matter and radiation, Atoms and nuclei, Electronic devices, Experimental skills
Chemistry	Physical Chemistry: Some basic concepts in chemistry, Atomic structure, Chemical bonding and molecular structure, Chemical thermodynamics, Solutions, Equilibrium, Redox reactions and electrochemistry, Chemical kinetics Inorganic Chemistry: Classification of elements and periodicity in properties, P -Block elements, d – and f – Block elements, Co- ordination compounds Organic Chemistry: Purification and characterization of organic compounds, Some basic principles of organic chemistry, Hydrocarbons Organic compounds containing balogens. Organic compounds containing oxygen

Syllabus for Engineering Entrance Exams

containing nitrogen, Biomolecules, Principles related to practical chemistry

Based on prescribed syllabus for JEE-Main

Mathematics	Sets, relations and functions, Complex numbers and quadratic equations, Matrices and determinants, Permutations and combinations, Binomial theorem and its simple applications, Sequence and series, Limit, continuity, and differentiability, Integral calculus, Differential equations, Co-ordinate geometry, Three-dimensional geometry, Vector algebra, Statistics and probability, Trigonometry
Physics	Physics and measurement, Kinematics, Laws of motion, Wo rk, Energy and power, Rotational motion, Gravitation, Properties of solids and liquids, Thermodynamics, Kinetic theory of gases, Oscillations and waves, Electrostatics, Current electricity, Magnetic effects of current and magnetism, Electromagnetic induction and alternating current, Electromagnetic waves, Optics, Dual nature of matter and radiation, Atoms and nuclei, Electronic devices, Experimental skills
Chemistry	Physical Chemistry : Some basic concepts in chemistry, Atomic structure, Chemical bonding and Chemical thermodynamics, Solutions, Equilibrium, Redox reactions and electrochemistry, Chemical kinetics molecular structure, Inorganic Chemistry: Classification of elements and periodicity in properties, P -Block elements, d – and f – Block elements, Co-ordination compounds molecular structure, P -Block elements, d – and f – Block elements, Organic Chemistry: Purification and characterization of organic compounds, Some basic principles of organic chemistry, Hydrocarbons, Organic compounds containing halogens, Organic compounds containing oxygen, Organic compounds containing nitrogen, Biomolecules, Principles related to practical chemistry

Syllabus for Architecture Entrance Exams

Based on prescribed syllabus for JEE 1(Mains) Paper 2 A (B.Arch.)

Mathematics	Sets, relations and functions, Complex numbers and quadratic equations, Matrices and determinants, Permutations and combinations, Binomial theorem and its simple applications, Sequence and series, Limit, continuity, and differentiability, Integral calculus, Differential equations, Co-ordinate geometry, Three-dimensional geometry, Vector algebra, Statistics and probability, Trigonometry
Aptitude Test	UNIT - 1 Awareness of persons. Buildings, Materials UNIT – 2 Three dimensional- perception
Drawing Test	Sketching of scenes and activities from memory of urbanscape (public space, market, festivals, street scenes, monuments, recreational spaces, etc.). landscape (riverfronts. Jungle. Gardens, trees. Plants, etc.) and rural life. To be conducted in a Drawing sheet.

Syllabus for Architecture Entrance Exams

Based on prescribed syllabus for NATA

Part A: Drawing and Composition Test Part B Composition and Color, Sketching & Composition (Black and White), 3D Composition Visual Reasoning, Logical Derivation, G.K., Architecture & Design, Language Interpretation, Design Sensitivity, Design Thinking, Numerical Ability

Based on prescribed syllabus for AAT

Freehand Drawing, Geometrical Drawing, Three-dimensional Perception, Imagination and Aesthetic Sensitivity, Architectural Awareness

Syllabus for Planning Entrance Exams

Based on prescribed syllabus for JEE (Mains) Paper 2 B (B.Planning)

Mathematics	Sets, relations and functions, Complex numbers and quadratic equations, Matrices and determinants, Permutations and combinations, Binomial theorem and its simple applications, Sequence and series, Limit, continuity, and differentiability, Integral calculus, Differential equations, Co-ordinate geometry, Three-dimensional geometry, Vector algebra, Statistics and probability, Trigonometry
Aptitude Tes	· · · · · · · · · · · · · · · · · · ·
	UNIT – 2 Three dimensional- perception
Planning	General Awareness, Social Sciences, Thinking Skills

Syllabus for Management Entrance Exams

Based on composite of Various Entrance Exams

Mathematics	Arithmetic: Percentages, Profit & Loss, Simple Interest & Compound Interest, Averages, Ratio & Proportion, Mixtures, Speed, Time, & Distance, Races, Work & Time, Partnerships Number Theory and Modern Math : Factors, Factorials, Digits, Reminders, HCF & LCM, Set Theory, Logarithm, Permutation and Combination, Probability Algebra: Linear and Quadratic Equations, Roots, Surds, & Indices, Polynomials, Inequalities, Functions, & Geometric Progression, Algebraic Formulae Geometry: Lines, Angles, Triangles, Circles, Polygons, Quadrilaterals, Mensuration, Co -ordinate Geometry
English	Reading Comprehension, Paragraph Completion, Jumbled Passages, Vocabulary based questions, Fill in the blanks, Grammar based questions
Reasoning	Analytical Reasoning : Series, Coding, Relations, Directions, Puzzles, Seating Arrangements, Syllogisms, Cubes, Venn Diagrams Verbal Reasoning: Assumptions, Conclusions, Arguments, Assertion and Reasoning, Inference, Verbal Reasoning
General Knowledge and Current Affairs	The current affairs are usually from a time span of about one year prior to the date of the exam. However, this is a broad suggestion.
Data Analysis / Interpretation	Mathematical questions using tabular data, charts and graphs

Syllabus for Design Entrance Exams

Based on Prescribed Syllabus for UCEED

Part A	Visualization and spatial reasoning: Ability to visualise and transform 2D shapes and 3D objects and their spatial relationships. Practical and scientific knowledge: Know-how of scientific principles and everyday objects. Observation and design sensitivity: The capacity to detect concealed properties in daily life and think critically about them. Attention to detail, classification, analysis, inference and prediction. Environment and society: General awareness of environmental, social and cultural connections with design. Analytical and logical reasoning: Ability to analyse qualitative and quantitative information. Language: Proficiency in reading and comprehending Standard English.
	Creativity: Grasp of verbal and non-verbal analogies, metaphors, signs and symbols
Part B	Drawing: Ability to draw products, people or scenes in proportion with good line quality, composition, proportion, perspective and s hading. Design aptitude: Capability to practically and appropriately respond to problems/situations with ingenuity and empathy.

Syllabus for Hotel Management Entrance Exams

Based on Prescribed Syllabus for NCHM-JEE

English	Questions based on Reading Comprehension, Vocabulary and Grammar
Reasoning Analytical Reasoning: Series, Coding, Relations, Directions, Syllogisms, Puzzles, Images	
	Verbal Reasoning: Assumptions, Conclusions, Arguments, Critical Thinking
Maths	Calculations, Percentages, Averages, Ratio, Linear Equations
GK Current Affairs	Static General Knowledge, Current affairs – including questions related to hotel and service industry
Service Aptitude	Questions designed to test the situational awareness and behavior of the student in specific situations

For more information regarding any course, download the Course Specific Guide from <u>www.mohitmangal.com</u>

Syllabus for Law Entrance Exams Based on prescribed syllabus for CLAT

English Language	In this section of the UG -CLAT 2024, you will be provided passages of about 450 words each. These passages will be derived from contemporary or historically significant fiction and non -fiction writing, and would be of a standard that a 12th standard student may be able to read in about 5 -7 minutes. Each passage will be followed by a series of questions that will require you to demonstrate your comprehension and language skills, including your abilities to: - Read and comprehend the main point discussed in the passage, as well as any arguments and viewpoints discussed or set out in the passage; - Draw inferences and conclusions based on the passage; - Summarise the passage; - Compare and contrast the different arguments or viewpoints set out in the passage; and - Understand the meaning of various words and phrases in the context that they are used in the passage.
Current Affairs including General Knowledge	In this section, you will be provided passages of up to 450 words each. The passages will be derived from news, journalistic sources and other non -fiction writing. The questions may include an examination of legal information or knowledge discussed in or related to the passage, but would not require any additional knowledge of the law beyond the passage. Each passage will be followed by a series of questions that will require you to demonstrate your awareness of various aspects of current affairs and general knowledge, including: - Contemporary events of significance from India and the world; - Arts and culture; - International affairs; and - Historical events of continuing significance.
Legal Reasoning	In this section, you will be expected to read passages of around 450 words each. The passages may relate to fact situations or scenarios involving legal matters, public policy questions or moral philosophical enquiries. You will not require any prior knowledge of law to attempt the questions in this section. You will benefit from a general awareness of contemporary legal and moral issues to better apply general principles or propositions to the given fact scenarios. Each passage would be followed by a series of questions that will require you to: Identify and infer the rules and principles set out in the passage; Apply such rules and principles to various fact situations; and Understand how changes to the rules or principles may alter their application to various fact situations.
Logical Reasoning	 The Logical Reasoning section of the UG-CLAT 2024 will include a series of short passages of about 450 words each. Each passage will be followed by one or more questions that will require you to: Recognise an argument, its premises and conclusions; Read and identify the arguments set out in the passage; Critically analyse patterns of reasoning, and assess how conclusions may depend on particular premises or evidence, and how conclusions may be strengthened or weakened as a consequence of an alteration in premises or supporting facts; Infer what follows from the passage and apply these inferences to new situations; Draw relationships and analogies, identify contradictions and equivalence, and assess the effectiveness of arguments.
Quantitative Techniques	The Quantitative Techniques section of the UG-CLAT 2024 will include short sets of facts or propositions, or other textual representations of numerical information, followed by a series of questions. You will be required to derive information from the passages or questions, and apply mathematical operations on such information. The questions will require you to: - Derive, infer, and manipulate numerical information set out in such passages; and - Apply various 10 th standard mathematical operations on such information, including from areas such as ratios and proportions, basic algebra, mensuration and statistical estimation.

Syllabus for Common University Entrance Test

Accountancy	Accounting for Not-for-Profit Organizations and Partnership Firms - Accounting Not-for-Profit Organisation - Accounting for Partnership - Reconstitution of Partnership - Dissolution of Partnership - Dissolution of Partnership - Dissolution of Partnership - Dissolution of Partnership Firm Company Accounts and Financial Statement Analysis - - Accounting for Share and Debenture Capital - Analysis of Financial Statements - Statement of Changes in Financial Position Computerized Accounting System - - Using Computerized Accounting System - Using Database Management System (DBMS) - Accounting Applications of Electronic Spreadsheet
Agriculture	Agrometeorology, Genetics and Plant Breeding, Biochemistry and Microbiology Livestock Production Crop Production Horticulture
Anthropology	Physical Anthropology Prehistoric Archaeology Material culture and economic Anthropology Social Anthropology and Ethnography Ecology

Syllabus for Common University Entrance Test (CUET - UG)

Art Education Sculpture	Painting The Rajasthani and Pahari Schools of Miniature Painting , The Mughal and Deccan schools of miniature painting , The Bengal School and Cultural Nationalism, The Modern trends In Indian Art Sculpture (Study of the following sculptures) Triumph of Labour - D. P. Roychowdhury Santhal Family - Ramkinker Vaij, Standing Woman - Dhanraj Bhagat, Cries Unheard - Amar Nath Sehgal, Ganesha Figure - P.V.Jankiram Dhanpal - Sankho Chaudhuri, Chatturmukhi - Aekka Yada Giri Rao Graphic-Prints Whirlpool - Krishna Reddy, Children - Somnath Hore, Devi - Jyoti Bhatt, Of walls - Anupam Sud, Man, Woman and Tree - K. Laxma Goud				
Biology	Reproduction, Genetics and Evolution, Biology and Human Welfare, Biotechnology and Its Applications, Ecology and Environment				
Business Studies	Nature and Significance of Management, Principles of Management, Business Environment, Planning, Organising, Staffing, Directing, Controlling, Business Finance, Financial Markets, Marketing, Consumer Protection, Entrepreneurship Development				
Chemistry	Solid States, Solutions, Electrochemistry, Chemical Kinetics, Surface Chemistry, General Principles and Processes of Isolation of Elements, p-Block Elements, d and f Block Elements, Coordination Compounds, Haloalkanes and Haloarenes, Alcohols, Phenols, and Ethers, Aldehydes, Ketones, and Carboxylic Acids, Organic Compounds Containing, Nitrogen, Biomolecules, Polymers, Chemistry in Everyday Life				
Computer Science	Section A Exception and File Handling in Python, Database Concepts, Structured Query Language, Computer Networks Section B1: Computer Science Exception and File Handling in Python, Stack, Queue, Searching, Sorting, Understanding Data, Database Concepts, Structured Query Language, Computer Networks Section B2: Informatics Practices Database Query using SQL, Data Handling using Pandas – I, Data Handling using Pandas – II, Plotting Data using Matplotlib, Introduction to Computer Networks, Societal Impacts, Data Communication, Security Aspects				
Economics Economics Economics Economics Introduction to Microeconomics Consumer Behaviour and Demand Introductory Macroeconomics National Income and Related Aggregates — Basic Concepts and Measurement, Determination of Income are Economics Economic Development Development Experience (1947-90) and Economic Reforms since 1991, Current challenges facing the Indian Economy, Development Experience of India					
Economy, Development experience of mula Isometric Projection of Solids Construction of isometric scale showing main divisions of 10mm and smaller divisions of 1mm, also showing leading angles. Isometric Projection of Solids Machine Drawing (Machine Parts, Assembly and Dis-assembly), Bearings, Rod Joint, Tie-rod and Pipe-joint					
Entrepreneurship	Entrepreneurial Opportunity, Entrepreneurial Planning, Enterprise Marketing, Enterprise Growth Strategy, Business Arithmetic, Resource Mobilization				
Environmental Studies	Human Beings and Nature, Population and Conservation Ecology, Monitoring Pollution, Third World Development, Sustainable Agriculture, Environmental and Natural Resource Economics, International Relations and the Environment				
General Test	General Knowledge, Current Affairs General Mental Ability, Numerical Ability Reasoning (Simple application of basic mathematical concepts Quantitative arithmetic / algebra geometry /mensuration / statistics) Logical and Analytical Reasoning.				
Geography	Fundamentals of Human Geography Human Geography: Nature and Scope, Human Activities, Transport, Communication and Trade, Human Settlements India: People and Economy People, Human Settlements, Resources and Development, Transport, Communication and International Trade, Geographical Perspective on Selected Issues and Problems				
History	The Story of the First Cities Harappan Archaeology, Political and Economic History: How Inscriptions tell a story, Social Histories using the Mahabharata, A History of Buddhism: Sanchi Stupa, Medieval society through Travelers' Accounts, Religious Histories: The Bhakti-Sufi Tradition, New Architecture: Hampi, Agrarian Relations: The Ain-i- Akbari, The Mughal Court: Reconstructing Histories through Chronicles, Colonialism and Rural Society: Ev idence from Official Reports, Representations of 1857, Colonialism and Indian Towns: Town Plans and Municipal Reports, Mahatma Gandhi through Contemporary Eyes, Partition through Oral Sources, The Making of the Constitution				
Home Science	Nutrition, Food science and Technology Clinical nutrition and Dietetics, Public Nutrition and Health, Catering and food services management, Food Processing and technology, Food Quality and safety Human Development: Lifespan Approach Early childhood care and education, Special Education and support services, Management of institutions and programmes for children, youth and elderly Fabric and Apparel.				

Syllabus for Common University Entrance Test (CUET - UG)

Knowledge Tradition – Practices India	Agriculture: A Survey, Architecture: A Survey, Dance: A Survey, Education Systems and Practices: A Survey, Ethics: Individual and Social, Martial Arts Traditions: A Survey, Language and Grammar, Other Technologies: A Survey		
Languages (IA & IB)	Questions from the Language Section will be from the following topics but are not limited to: Reading Comprehension (Factual, Narrative, Literary), Verbal Ability, Rearranging the parts, Choosing the correct word, Synonyms and Antonyms, Vocabulary Section IA: English, Hindi, Assamese, Bengali, Gujarati, Kannada, Malayalam, Marathi, Odia, Punjabi, Tamil, Telugu, Urdu Section IB: Arabic, Bodo, Chinese, Dogri, French, German, Italian, Japanese, Kashmiri, Konkani, Maithili, Manipuri , Nepali, Persian, Russian, Santhali, Sindhi, Spanish, Tibetan, Sanskrit		
Legal Studies	Judiciary, Topics of Law, Arbitration, Tribunal Adjunction, and Alternative Dispute Resolution, Human Rights in India, Legal Profession in India, Legal Services, International Context, Legal Maxims		
Mass Media/ Mass Communication	Communication, Journalism, TV, Radio, Cinema, Social Media, New Media		
Mathematics	Section A Algebra, Calculus, Integration and its Applications, Differential Equations, Probability Distributions, Linear Programming Section B1: Mathematics Relations and Functions: Relations and Functions, Inverse Trigonometric Functions, Algebra: Matrices, Determinants, Calculus: Continuity and Differentiability, Applications of Derivatives, Integrals, Applications of Integrals, Differential Equations Vectors and Three-dimensional Geometry: Vectors, Three-dimensional Geometry, Linear Programming, Probability Section B2: Applied Mathematics Numbers, Quantification and Numerical Applications: Modulo Arithmetic, Congruence Modulo, Allegation and Mixture, Numerical Problems, Boats and Streams, Pipes and Cisterns, Races and Games, Partnership, Numerical Inequalities Algebra: Matrices and types of matrices, Equality of matrices, Transpose of a matrix, Symmetric and Skew symmetric matrix Calculus: Higher Order Derivatives, Marginal Cost and Marginal Revenue using derivatives Maxima and Minima Probability Distributions: Probability Distribution, Mathematical Expectation, Variance Index Numbers and Time-Based Data: Index Numbers, Construction of Index Numbers, Test of Adequacy of Index Numbers Index Numbers and Time-Based Data: Time Series, Components of Time Series, Time Series Analysis for univariate data Financial Mathematics: Perpetuity, Sinking Funds, Valuation of Bonds, Calculation of EMI, Linear method of Depreciation Linear Programming: Introduction and related terminology, Mathematical formulation of Linear Programming Problem, Different types of Linear Programming Problems, Graphical Method of Solution for problems in two variables, Feasible and Infeasible Regions Feasible and Infeasible solutions, optimal feasible solution

A total of 61 Subjects (33 language, 27 domain-specific and 01 General Test) are available under the CUET. Students may select a maximum of 06 test papers (04 or 05 domain subjects including General Test and 01 or 02 languages. The test is available in 13 languages (Assamese, Bengali, English, Gujarati, Hindi, Kannada, Malayalam, Marathi, Punjabi, Odia, Tamil, Telugu and Urdu). The exam is conducted in Hybrid mode [Pen & Paper + Computer Based Test) depending on the candidate count after the registration is complete. 40 out of 50 questions have to be answered for all test papers and 50 out of 60 for the General Test chance. The duration for all the test papers would be 45 minutes except for Mathematics / Applied Mathematics, Accountancy, Physics, Chemistry, Economics, Computer Science / Informatics Practices and General Tests which would be for 60 minutes.

Official Website: https://cuetug.ntaonline.in

For more information regarding any course, download the Course Specific Guide from www.mohitmangal.com

National Education Policy (NEP) 2020

The Big Shift in School Education *

- The 5 + 3 + 3 + 4 curricular and pedagogical structure.
- Board examinations for both class 10 & 12 to be offered at least twice a year. Students will be allowed to retain the best score.
- The Current board format to be ruled out from the 2024-25 academic year & the new format to be adopted from the 2025 Board Exams for class 10 and 12.
- Comprehensive test-bank aided with software will be available.
- · Board exams will assess understanding, achievement of competencies than months of coaching and memorization.
- Text books to be developed for 2024 academic session.
- · Current practice of covering text books in classroom will be avoided.
- School boards to develop capabilities to offer 'on demand' exam in due course of time.

Currently the students are assessed once based on 2 years of study that is class 9/10 and class 11/12. These 4 years will be converted to 8 semester
based exams. Whatever a student studied in 2 semesters of class 9 will be summed up in two exams. Similarly for subsequent classes as well this
will be followed.

- · Education to be deeply rooted in India.
- · There shall be three language formula including English Hindi and regional language.
- Gradually exams from class 9 onwards will be semester based. This, however will be implemented in the second phase of exam reforms.
- Right now priority shall be given to design the new syllabus and prepare the textbooks of class IX to XII.
- The secondary stage will be divided into phases:
 - Broad curricular areas like science, social science, humanities etc. to be chosen in class 9 and 10.
 - o Disciplines like physics, history, chemistry, languages etc. within each curricular area to be chosen in class 11 and 12.

Maths and STEM: Focus on fighting the fear of mathematics with new and interactive pedagogy and assessment interlinking mathematics with other disciplines. The rich history of mathematics and Science in India to be incorporated in the curriculum.

Level	Proposed Changes				
Class 6-8	 Social Science in class 6 to 8 be organized in a thematic manner and through an integrated view of History, Geography, Political Science, Economics and other relevant disciplines such as Psychology, Philosophy, Anthropology and Sociology. The curriculum to have 20% local content, 30% regional, 30% National and 20% Global content with focus on Japan South Africa and the United States. Three Languages from Class 6-10. 				
Class 9-10	 To complete class 10: students will complete two essential courses from each of the 8 curricular areas* available. Art education, physical education and educational education would have local assessments with board certification. * The curriculum aims at developing linguistic proficiency for academic use in three languages by age 15 that is class 10. At least two out of these three languages should be languages native to the student. Students from class 9 onwards will study history geography Political Science and economics live as separate units. 				
Class 11- 12	 For completing classes 11 and 12, the same set of 8 curricular areas* will be there but choice based courses will be designed. This phase would be divided into semesters. To get a class 12th certificate the student should pass a total of six exams: 2 languages and 4 examinations from at least two curricular groups with one additional optional exam. * Choice of subjects in class 11, 12 will not be restricted to streams, students to get flexibility to choose. Two languages compulsory including 1 Indian language and at least one language native to India which will be studied at literature level. Students can choose to do an in depth study from a range of Social Sciences discipline. Students can choose to do an in depth study from a range of Social Sciences discipline. 				
*8	As per National Curriculum Framework, the offered subjects are divided 8 curricular areas:				
curricular	1) Maths and Computing (Mathematics Computer Sciences Business Mathematics)				
areas*	2) Sciences (Physics Chemistry & Biology)				
	3) Social Sciences (History Civics Geography & Economics)				
	4) Humanities (Languages English Hindi Gujarati & Philosophy Etc.)				
	 5) Arts (Music, dance, Theatre, Sculpture, Painting) 6) Sports (Courses on specific Sports , Games or Yoga) 				
	7) Vocational Education				
	A) Interdisciplinary (Commerce Sustainability and Climate Change Health Media & Journalism Indian knowledge)				

The Big Shift in College Education *

Proposed Changes
 Candidates may exit after the 1st year with a Certificate in the field of study Candidates may exit after the 2nd year with a Diploma in the field of study Candidates who complete the three-years course will be awarded a degree
 Candidates may exit after the 1st year with a Certificate in the field of study Candidates may exit after the 2nd year with a Diploma in the field of study Candidates who complete the three-years course will be awarded a general degree Candidates wishing to continue after the 3rd year can specialize in a different field apart from the mandatory major or minor Candidates who complete the 4-year degree courses will also get 'Degree with Research' or a Honours Degree if they complete rigorous research or required credits specified by the Higher Education Institute.
 Eligibility: Candidates who have completed 4-year Bachelor's degree programme with research Research is not mandatory for a 1-year course, as the candidate would have already completed their research project in a 4-year Bachelor's degree
Eligibility: Candidates who have completed 3-year Bachelor's degree programme The second year of the course will be devoted to the research project and it is mandatory to complete the same
M.Phil. course has been discontinued
Candidate who have completed 4-years Bachelor's degree with Research are eligible to take up Ph.D. Candidates who have completed 2-years Master's course can also take up Ph.D.

FAQs by Parents of School Students

Q.	How do I help my child choose the right career option after school?
Α.	Identifying the Orientation , Aptitude , Personality and Interest (OAPI) of the child is the key to choose the right career option. Their overall priority of selection of one task above the other indicates their orientation. Their comfort in particular subjects at Class 9 / 10 level and further at Class 11 / 12 level helps in understanding their aptitude. Observing the candidate in school/college, amongst friends, society, cousins, relatives etc. will give an insight about their personality. Activities which they like being engaged with, shows their interest area. For deeper understanding of your child, get the child's OAPI assessment. Mr. Mohit Mangal and his team will do the BrainMapping of the candidate and assess their OAPI. By aligning these four parameters, we can help the candidate choose the right subject combination in class 9-12 and right Degree option beyond.
Q.	What are the different Career options after 10th?
Α.	In Indian education System, traditionally there were only 4 options available after Class 10. The child could choose Science Group (Physics, Chemistry, and Mathematics/Biology), Commerce Group (Accounts, Statistics, Economics and Business studies), Arts/Humanities Group (History, Geography, Psychology, Political Science and Sociology) or could go for a 3 year skill based Diploma Program. With the NEP-2020 getting into implementation, at present children have more than 9 broad options and more than 27 Combination Options after class 10 to choose from. If you want to know about all these options in detail, you may visit our YouTube channel and watch related video for the same.
Q.	What are the different career options after 12th?
Α.	University Grants Commission (UGC), which is the parent regulatory body of Higher Education in India under the Ministry of HRD, has broadly classified education in 15 broad areas after Class 12 for Bachelor Degrees. For the ease of understanding of the parents and students, Mr. Mangal has sub categorized a few areas and made a total of 22 verticals in which a child passing from Class 12 can take bachelor degree in. Out of these 22, there are 16 verticals of education, in which a student can take Bachelor Degree after studying ANY combination of subjects in class 11 & 12 or a three year Diploma.
Q.	My child is not good at Math, will a lot of streams get closed for them if they leave Math after 10th?
Α.	No, for the 16 general verticals (as stated above) open to any subject combination, mathematics is not required in Class 11 / 12. Even Entrance Exams at all levels, be it Bachelor or Master, always expect the child to have knowledge of only Class X Level Maths. Higher Maths is not required for any General Entrance exam, be it SAT, ACT, GMAT, GRE for international studies or CUET-UG, IPMAT, CLAT, SET, CAT, CMAT, XAT, NET Etc. for Domestic studies. So, DO NOT WORRY , the child shall not be at loss anywhere.
Q.	My child wants to follow his friends after class X / XII. What should I do?
Α.	Mr. Mangal very commonly quotes, " Do not Follow Friends or Trends ". Please do not allow your child to follow the same subject combinations which their friends are taking. This is because each child is unique and their OAPI may not match or be same as his best friend. For deeper understanding of your child, get the child's OAPI assessment. Mr. Mohit Mangal and his team will do the Brain mapping of the candidate and assess their OAPI to help them choose the right course/plan forward.
Q.	We want our child to join family business. Which course is most suitable for him/her?
Α.	The course which match their OAPI is the most suitable course for them. Pushing the child in a degree program matching your family business may not be the right thing to do. Rather we should give them a course of their interest which will make the child smart and continue being motivated to study the same. Subsequently after any education vertical, they will be in a position to take the family business forward in a better way.
Q.	My child has a wavering mind and comes up with a different choice every now and then. What should I do?
Α.	At this age, all the four parameters i.e. Orientation, Aptitude, Personality and Interest (OAPI) could change naturally or by putting conscious efforts. So, in a way, it's good if they have a wavering mind, because at least they are observing, thinking and trying to explore. You can take help from Mr. Mohit Mangal and his team, who will assess the OAPI of the child and help them choose the right course/plan forward.
Q.	I want my child to take up my profession, but am not sure if they will be able to do that?
Α.	You can take help from an Expert Career Counsellor. Mr. Mohit Mangal and his team will do the BrainMapping of the Child and assess their Orientation, Aptitude, Personality and Interest (OAPI). By aligning these four parameters, the child can be helped in choosing the right subject combination in class 8 / 10 and right Degree option after Class 12.

FAQs by Students from Class 9 - 12

Q.	What Course/Stream shall I choose if I wish to appear for IAS/IPS/UPSC/Civil Service Examination?					
A.	Any candidate with minimum 21 Years of age and having completed Graduation from ANY STREAM can appear for the					
	Exam. Traditionally Students preferred an Arts graduation, since this degree gave time for preparation of UPSC, but off					
	late I see students from all fields, be it Medicine, Engineering or Commerce give UPSC and crack the exam. One late trend which I see is that students go for a 5 Year Law program after Class 12 and then give UPSC Exam. This helps the in three ways: Firstly, their legal studies is in line with the study requirements of UPSC, so preparation becom relatively automated. Secondly, Legal Studies also opens door to Judiciary Examinations. Thirdly, even if the candida is unable to clear the exam, he/she having a professional degree in hand and can pursue profession as a lawyer.					
Q.	How can I get into Teaching Profession?					
А.	If you are passionate about any one subject or group of similar subjects, you can pursue higher education in the specific subject field and get into Teaching. You can be a Bachelor Degree holder with B.Ed. to enter in School					
	Teaching. In Order to get into College Teaching, Higher Education like Masters/Doctorate Degree is required. One					
	should possess the following qualities:					
	* The ability to inspire students *Patience, caring, and kind personality					
	* Keen interest and knowledge of specialised subject * Dedication to teaching					
	* Capable of engaging students in learning					
Q.	Where can I pursue degree in Interior Design/ Fashion Design?					
А.	One has to pursue a degree in Design and take elective/ specialization subject choice of interior / fashion design. Apart					
	from this, there are private institutes which give diploma/certification programmes in various fields of design, including					
	interior / fashion design as well. One can pursue this along with any graduation degree after class 12. Also, there are					
0	Master level Programmes available in these areas. How can I become an Ethical Hacker/ Pursue Degree in Hacking or Cyber Security?					
Q. A.	One can pursue a degree in Bachelor of Computer Application (BCA) or a Bachelor of Science (B.Sc.) in Computer					
<i>.</i>	Science / Information Technology with an elective/ specialization in Ethical Hacking / Cyber Security / Digital Forensics					
	/ Information Security etc. This is offered by many institutes / Universities at National and State Level. Apart from this,					
	there are institutes which give diploma/certification in related programmes. Also, there are Master level Programmes					
	available in these areas.					
Q.	How can I become a Game Designer/ Application Designer?					
А.	One can pursue a degree in Bachelor of Computer Application (BCA) or a Bachelor of Science (B.Sc.) in Computer					
	Science / Information Technology with an elective/ specialization in Game Design/ Application Design / Animation and					
	Gaming / Animation and Visual Graphics / Game Technology etc. This is offered by many institutes / Universities at National and State Level. Apart from this there are institutes which give diploma/certification programmes in related					
	National and State Level. Apart from this there are institutes which give diploma/certification programmes in related programmes. Also, there are Master level Programmes available in these areas.					
Q.	Where can I study Sports / Travel / Aviation / Event Management?					
Α.	In India, these specialisations primarily fall under Management vertical. One can pursue a degree in Bachelor of					
	Business Administration (BBA) or a Bachelor of Management Studies (BMS) with an elective/ specialization in the field					
	of Event Management / Sports management / Travel and Tourism Management / Hospitality and Tourism					
	Management / Aviation Management etc. Apart from this there are institutes which give diploma/certification					
	programmes in practical skill based Management areas like mentioned above, which one can pursue along with ANY					
Q.	Graduation Degree. How can I become an Air Hostess/Steward?					
<u>ц</u> . А.	Any candidate who has passed Class 12 with English as a compulsory subject and has good command on language can					
	pursue a career in this field. Since this is a skill based programme, no specific educational degree or diploma is required					
	for this. There are Private as well as Airline Owned and run training centres which groom you to effectively appear and					
	qualify the selection process for joining this profession. One should Possess the following Qualities:					
	* Pleasing Personality * Good appearance * Pleasant voice					
-	* Friendly Nature * Good Communication Skills * Good Interpersonal Skills					
Q. A.	How can I become a Pilot? Any Student who has passed Physics and Mathematics of Class 12 level (or a Science-A Group passed student) can					
۸.	attain a Pilot Licence. The three stages are Student Pilot Licence followed by Private Pilot Licence and finally getting					
	Commercial Pilot Licence from any Flying school approved by Directorate General of Civil Aviation (DGCA) in India. The					
	candidate has to log certain number of required flying hours along with passing tests as prescribed by the DGCA before					
	one can fly an aircraft independently or as a Commercial Pilot.					
	Also one can join Indian Air Force and become a pilot where all your training needs are taken care by the Government					
	of India. In return, you need to serve in the Air Force for stipulated period of time with a bond.

FAQs by Students from Class 9 - 12

-	
Q.	How can I Become an Aerospace Engineer?
Α.	Engineering is a Science related field. The student can take Science as the stream (With Physic, Chemistry and
	Mathematics) in Std. XI and XII. The student should then study a B.E. / B.Tech. in Aerospace Engineering. Admissions to
	these programs can be obtained through entrance exams such as the JEE (Mains and Advanced). Consequently, the
	student may pursue and M.Tech. in Aerospace Engineering. Prominent institutions such as the Indian Institutions of
	Technology (IITs) offer this program.
Q.	Is it Compulsory to study Science for getting in Computer Sciences?
Α.	No. Even if a candidate is studying Commerce or Humanities subjects in Std. 11 & 12, still one can pursue Computer
	sciences through BCA (Bachelor of Computer Applications) or a B.Sc. (Computer sciences / Information technology).
Q.	I am good with Maths and Physics but find difficulty in coping with Chemistry or I am good with Biology and
۳.	Chemistry but find difficulty in coping with Physics. What should I do?
А.	Every student has a natural aptitude for certain types of subjects.
A .	Chemistry & Biology are subjects that requires theoretical understanding of concepts and are more rote
	oriented whereas Mathematics and Physics are subjects which require mathematical and numerical understanding and
	are more analytical in nature.
	Typically, a student who may be mediocre in aptitude for theory or analytics, may find it difficult to cope
	with Physics / Chemistry. To cope with the subject, the student must first work on getting conceptual clarity of the
	topics. With patience and hard work, it is possible to perform adequately well in weak subjects. While the student may
	find it a little difficult to devote adequate time on such subjects, one must persist over a long period of time to make
	sure that they cover up their shortcoming.
Q.	I am Studying Commerce. Is CA the only BEST Option in commerce?
Α.	CA is just one option available after studying Commerce related subjects in 11th and 12th. There are more than 390 +
	Degree options and more than 20+ Certifications in the area of Finance which students can pursue after 12th. This is
	including but not limited to Arts, Business Management, Commerce and Finance, Computer Applications, Design and
	Fine arts, Economics, Hotel Management, Humanities, Law, Liberal Studies, Mass Communication, Performing Arts,
	Planning, Sports & Physical Education and Vocational Studies.
Q.	I am studying Humanities. Are there very little avenues available after Humanities?
<u>ц</u> . А.	There are 370 + Degree options spread across 15 Higher Education Verticals open for students studying Humanities
A .	and Social Sciences related Subjects in 11th 12th. This is including but not limited to Arts, Business Management,
	Computer Applications, Design and Fine arts, Economics, Hotel Management, Humanities, Law, Liberal Studies, Mass
-	Communication, Performing Arts, Planning, Social Sciences, Sports & Physical Education and Vocational Studies.
Q.	I want to become a Paleontologist. What should I Study?
Α.	In short, paleontology is the study of what fossils tell us about the ecologies of the past, about evolution, and about
	our place, as humans, in the world. Paleontology incorporates knowledge from biology, geology, ecology,
	anthropology, archaeology, and even computer science to understand the processes that have led to the origination
	and eventual destruction of the different types of organisms since life arose. Therefore one should study History and
	Biology combination.
Q.	Can I Study Law in India and practice abroad?
Α.	To practice in the courts of a country, one may need to clear the Bar Council (or equivalent) exam. A
	theoretical understanding of the subject is necessary. However, it is also important to know the law (statutes) specific
	to the country that one plans to practice in. A student who has studies in India, would find it easier to clear the Bar
	exam in India. Similarly, a student from a US based law college, would find it easier to clear the Bar Exam in a state of
	the US, than a student from India. While it is possible to study law in one country and practice in another, it is highly
	recommended that one study law from the country that one plans to practice in.
Q.	As a Commerce or Arts Student, can I pursue B. Sc. Computer Science or B. Sc. Data Science?
A.	Yes. If a Commerce or Arts students satisfies the minimum eligibility criteria of the institute they may be granted
	admission. While most institutes give admission in these courses to students from any background, but a few institutes
	may require the candidate to have studied any one of the Mathematics/ Business Mathematics / Statistics / Accounts /
	Computer Science / Artificial Intelligence etc. as a subject in class 11 & 12. However, as a word of caution, a significant
	number of students in such courses may have some prior knowledge of computer languages (such as C, C++, Java,
	Python etc.). It would be advisable to get some basic knowledge in these areas.
Q.	Which area of education should I choose which will not be effected by AI in future?
<u>ц</u> . А.	Al is unlikely to be able to replace jobs requiring human skills such as judgement, creativity, physical dexterity and
A .	emotional intelligence. As a result, the highest job growth in 2023-2027 is expected to be for agricultural equipment
	operators, drivers of heavy trucks and buses, and vocational education teachers, according to the World Economic
	Forum's Future of Jobs Report 2023. The skills most in demand from employers over the next five years will include
	analytical thinking, empathy and active listening, and leadership and social influence, according to the report.
